## CANDY COLLECTION

**DESIGNER:** Campana Brothers

**YEAR OF DESIGN:** 2015

**Glass:** Hand Blown Artistic Glass

The Candy collection builds on the colorful universe of the Campana Brothers' Sushi series, but explores and expresses it through glass, a material that has fascinated them since childhood. They found inspiration for this collection in the colorful candies sold in popular markets in Brazil. This initial concept was enthusiastically received by Czech glass-masters, always ready to explore new techniques and visions. The Candy collection includes Sphere chandelier, Ring chandelier and Lollipop table lamp, all conceived and produced in hand-blown glass and metal.
