
Canasta '13

SMALL TABLES

Patricia Urquiola

Description

The Canasta '13 small tables for outdoor use complement the family of seats of the same name, and yet are so flexible as to suit any setting where a table is needed. They come in two versions: the first, a decorative model with soft shapes, features a frame characterised by coloured twisted polyethylene fibre bands and a tray top in painted steel; the second, more minimalist and geometric, has a powder-painted steel frame and a porcelain stoneware top.
