Allure O' Dining Table & Flair O' Chairs

DESIGNED BY MONICA ARMANI

The Allure O' Outdoor table keeps the graceful strength of the design of the indoor version, clearly visible in the shape of the top and the balance between straight lines and sinuous curves. It is proposed to accompany the Flair O' Outdoor chairs, also the sofas and chairs in the other families of the B&B Italia Outdoor collection. The base-frame is made of molded cement, a choice that gives the table extreme solidity and an appearance that easily adapts to any outdoor furnishing situation.

The Flair O' Outdoor chair is characterized by a lightweight aluminum frame completely covered with an interlacing of polypropylene ribbons created following a meticulous artisan process. In particular, the backrest is woven on a special circular loom (tombolo) in line with an ancient technique typical of the area where the B&B Italia headquarter is located. To fine-tune it, Monica Armani collaborated with unPIZZO, a design studio based in Cantù, which specializes in the recovery and development of traditional weaving techniques revisited in a contemporary key and applied to the furnishing sector.
