FLOW CHAIR

Designed by Jean Marie Massaud

Flow Chair was first designed in 2009 by Jean-Marie Massaud. Far more than just a chair, this versatile and flexible product, with its constantly evolving design, has developed over time into a family of products that can satisfy any requirement or style.

A curved seat and elegant profile blend in perfect harmony to ensure comfort and ergonomics alike. Flow Chair can be personalised thanks to a vast range of finishings and 8 different bases, blending against a variety of backdrops, from living rooms – both modern and classic in style – to the most sophisticated work environments, without radically changing its original nature.

The Flow Chair shell can be enhanced by leather padding or in any of the over 200 fabrics in the MDF Italia collection, to increase its natural comfort and personality.
