# Arne

STORAGE UNITS

*Antonio Citterio*

## Description

Series of elements designed to fit out the Arne sofas to extend their furnishing qualities: a vertical bookcase, a low swivel bookcase, a horizontal storage unit that can stand alone or be combined with a counter, and which can also be used as a back-sofa because it can follow the sofa's curves, and a low table. They are all characterised by the use of curved wood and by interplaying full and empty spaces that, associated with steel-rod supports, convey visual lightness.

---

## Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
