Explorer 1, 2, 3

"A series of side tables, Explorer 1, 2 and 3, inspired by the playful and what remind one of jelly-beans, rounded sweets that children eat in the USA. This childlike inspiration has at the same time a very elegant beauty which generally is characterised in my designs. It's about new shapes, different objects within the market that want to convert into emblematic pieces because these tables are not only functional but sculpturally strong."

"Una serie de mesas auxiliares –Explorer 1, 2 y 3– de inspiración juguetona que recuerdan a los jelly-beans, esos caramelos redondeados que comen los niños en EE.UU. Esa inspiración infantil tiene al mismo tiempo una belleza muy elegante que es algo que caracteriza el diseño que hago generalmente. Se trata de formas nuevas, objetos diferentes dentro del mercado que se quieren convertir en piezas emblemáticas, porque estas mesas además de ser funcionales son escultóricamente potentes."

Jaime Hayon
