

HermanMiller Eames® Chaise

Designer

Charles and Ray Eames

Original Production Date

1968

Warranty

5 years

The Eames Chaise is soft, comfortable, and just 18 inches wide. When you lie on it, you naturally fold your arms over your chest. Should you doze off, your arms soon fall to your sides, waking you up. It's a beautiful place to relax for a spell in a study, den, or executive office. This inspired design, indicative of the Eameses' playful imagination, is upholstered in premium MCL leather.
