

# AS43C

*Franco Albini, F. Helg, A. Piva, M. Albini*

From the idea of developing a modular system that allows for multiple possibilities of lamp combinations from the same collection, Franco Albini and Franca Helg, in collaboration with Antonio Piva, devised a mechanism that combined the same metallic support in various versions. The AS43C was the result, a three-arm chandelier in chromed metal with an opal glass diffuser.
