

**ADAPT**  
LOUNGE

Flexible, inviting and productive, the Adapt collection of lounges and accessories are designed to evolve with the dynamic needs of today's workspace. The clean lines and subtle surfaces of the Adapt Lounge bring a softness and sense of familiarity into the workspace. Designed to sit alone or combine in module configurations - arms, backs, screens, desks and tables can be added simply and easily.

A truly modular system with functionality at its core, Adapt caters for offices, receptions, universities, airports and hospitality spaces.

Adapt Lounges are made in Melbourne and fully GECA certified - FFG-200026. Under GECA, products are certified against environmental performance criteria across its life cycle to ensure they deliver better environmental outcomes.

## ADAPT WORK

WORKSTATIONS

A continuation of the Adapt Lounge and Adapt Hub, the Adapt Work features the same ethos and design details in a flexible desk-based workstation. Created to facilitate collaborative interactions and individual focus within adaptable settings, Adapt Work offers an array of possibilities for the ideal open or secluded workspace.

With its array of desk widths, height options and privacy levels, Adapt Work is a versatile solution for diverse environments such as offices, universities and schools, whether in compact confines or expansive open layouts. Arms and backs can be shared, optimising space utilisation as well as reducing cost and fabric usage and allowing for back-to-back and side-to-side configurations. The module nature of the system also enables perpendicular or enclosed configurations, affording various degrees of privacy to suit distinct requirements.

### AVAILABLE LEG FINISHES

### AVAILABLE UPHOLSTERY

### TECHNICAL

ALL ADAPT WORK CONFIGURATIONS ARE AVAILABLE IN 3 DESK WIDTHS; 1330, 1520 (AS SHOWN) & 1710MM)

TABLE

Flexible, inviting and productive, the Adapt collection of lounges and accessories are designed to evolve with the dynamic needs of today's workspace. Designed to interconnect between Adapt Lounges and Ottomans or to be used as stand-alone tables, the Adapt Side Table is a functional table to complement the Adapt range. The table is available with the option to connect, suspend or standalone to allow for maximum flexibility in creating your space.

Featuring a black or white powder coated mild steel edge, the table top surface is available in black and white laminate or black mirror.

Adapt Tables are made in Melbourne and fully GECA certified - FFG-200026. Under GECA, products are certified against environmental performance criteria across its life cycle to ensure they deliver better environmental outcomes.

PIVOTING TABLE

Flexible, inviting and productive, the Adapt collection of lounges and accessories are designed to evolve with the dynamic needs of today's workspace. Designed to interconnect with the Adapt Lounges and Ottomans, the Adapt Pivoting Table can be easily installed on the underside of the lounge to provide a working table-top surface, perfect for laptop use. The table can pivot horizontally allowing the user to position the table as desired, as well as providing easy ingress/egress.

For effortless application the Pivoting Table can be mounted on any Adapt Lounge module variation, either on the left- or right-hand side or specific locations along the longer lounges.
