Benedini Associati, 2003

Mirrors cabinets with aluminium structure.

**Finishes**

-  White painted
-  Aluminium black painted

**Materials**

-  Aluminium

Mirror cabinets with structure in aluminium painted white (RAL9003), black (RAL9005) or in natural anodised aluminium (while stocks last); double-sided mirror door with flush polished edge, mm 3+3 (1/8"+1/8") thick. All elements can be installed to be right or left opening, and the handle can be assembled by the client at the top or bottom. Complete with fixing kit. The mirror cabinet is fixed to the wall by means of screws and wall plugs. The aluminium case is supplied with protective foil for recessing into the wall. Fixing kit included for both solutions – wall mounted and recessed. Special anodized colours are available following a request to the Sales Department.
