PRIME TIME. Design: EOOS.

Both lightweight and opulent to look at, spacious upholstery seems as if it is floating. The slimline armrest and backrest behind the soft seat cushions provide the necessary support. Prime Time comprises a whole range of variations: individual, add-on and corner solutions are compelling in their minimised elegance. The mechanism of the corner with a récamière is as simple as it is practical: you need just two easy steps to swivel-in the récamière. The result: a perfect transformation into an island of relaxation.

Product description

Modell no.	490
Frame	Steel frame with zigzag springs. Swivel element: steel frame with swivel mechanism.

Upholstery

Sofa elements
Seat cushions: cold cure foam sandwich construction with an outer layer of wadding. Fastened in place with a zip fastener.
