TENSE OUTDOOR

Designed by Piergiorgio Cazzaniga, Michele Cazzaniga

In the Tense collection, an outdoor table could not be missing: it originates from a long research on the most suitable materials for open spaces.

A table with a mono-material finish, entirely covered in aluminium sheet. Thanks to the available finish options, it can be easily inserted in various outdoor scenarios: from the gardens of precious villas, to parks and the open spaces of the best hotels and restaurants.

Today Tense Outdoor is enriched with two new finishes in reconstructed white Calce and black slate stone (available from May 2021). Two material finishes obtained by blending natural materials to create a mixture that is spread manually over the entire surface. This process gives life to unique textures that characterise each individual table. The extraordinary resistance of these materials guarantees the outdoor use of the table, while the unique design of Tense, in combination with the stones, is able to capture the attention both by sight and touch.

OUTDOOR USE

All the variants available, are perfect in both indoor and outdoor environments.

STRUCTURE

TOPS

The load-bearing top, 35 mm thick, is a composite panel made up of an inner frame of galvanised steel profile, painted with a specific treatment for outdoor use, and filled with polystyrene. This is completely covered, both on the top and on the edges, by a goffered painted aluminium or reconstructed stone sheet.

LEGS

Extruded aluminium legs, 35x35 cross-section, with stainless steel structural tie-rod and adjustable feet.
Height 75 cm.

OUTDOOR COVERING TARPAULIN

Protective tarpaulin specifically for outdoor products, waterproof, made of 100% polyester, outside with acrylic coating, inside with acrylic resin coating.

Its characteristics are emphasised by its fully fungicidal Teflon finish.

Each tarpaulin comes with a closable slip cover, so that it can be folded and kept correctly when not in use.

Finishing

The number in the dot corresponds to the number of colour/material finish.

Here below, in the section FINISH OPTIONS, please note all the colours of the materials used for this product.
