*Work and lifestyle
bar stool*

Who we are and what we do

Sedus Stoll AG was founded in 1871 and is one of the leading European manufacturers of office furniture. The product range includes seating furniture, such as swivel and visitor chairs, as well as office, conference and contract furniture - all "Made in Germany".

The company headquarters is located in Dogern near the High Rhine in southern Germany. Another production site is in Geseke, North Rhine-Westphalia. Sedus is a company with a long tradition, and more than 145 years of company history, that has repeatedly set standards - in terms of ergonomics, manufacturing processes and sustainability. As a synonym for innovation, technology and aesthetics, Sedus constantly enriches the "office world" with new product ideas and contemporary concepts. Sedus pays particular attention to current trends and changes in the workplace. New organisational structures and new ways of working demand flexible, aesthetic furnishings and custom-made solutions that enhance collaboration, communication and movement. A particular focus for Sedus is the health and wellbeing of the users.

The mastermind high desk,
temptation high desk and meet table
go well with the se:spot "bar"

se:spot stool

Working the way, it feels best

Modern office furnishings are multifaceted

They are geared to the needs of the employees and to the most diverse work requirements. Besides the functional aspects, the atmosphere plays an important role. Where employees like to meet, and where they can network and develop freely, they are usually more productive. No matter whether it is a comfortable lounge area or a classic meeting room – where communication is good, ideas will flow.

High desks are ideally suited for project and teamwork. They provide an attractive environment for lively exchange of ideas, brainstorming and fruitful discussions. With its stylish design, se:spot stool is the perfect partner. Its clear lines blend in harmoniously with the rest of the furniture. And it ensures good seating comfort – both the high version and the convenient intermediate height.

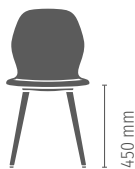

APPEALING, COMFORTABLE, MULTIFACETED

3 heights – 1 design

Sitting, standing – or something in between

The products of the se:spot family meet the most diverse requirements. From appealing and cosy in canteens and break areas to professional and practical in meeting rooms, the chairs convince with their comfortable and attractive design.

What makes the se:spot stool particularly ingenious is the intermediate “studio” height. The user can sit down and stand up spontaneously – depending on what is required. For raised seating, for example at the high desk, se:spot “bar” is the right choice. se:spot “low” is suitable for sitting at tables with a standard height.

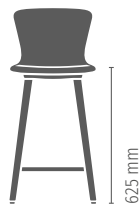

se:spot “low”

Ideal for sitting for longer periods at tables with a standard height of approx. 740 mm

Examples of use

- Bistros/canteens
- Lounges
- Meetings

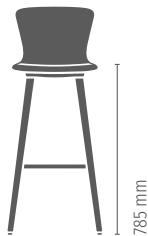

se:spot “studio”

Ideal for a relaxed, supported sitting position at tables with a height of approx. 900 mm

Examples of use

- Central office areas
- Short meetings
- Teamwork / project work

se:spot “bar”

Ideal for sitting for longer periods at tables with a height of approx. 1050 mm

Examples of use

- High conference tables
- Counters
- Bars
- Short meetings

The colours of the room correspond to the Sedus colour concept "Soft Being".
More information about the Sedus colour schemes can be found on page 14.

The foot rail provides a place for the person using the stool to rest the feet. The four-legged model has a foot rail on all sides, the skid-frame model only at the front.

FORM AND FUNCTION

Comfortable elevated seating

Form follows body: Design that flows naturally

The stylish design of the se:spot stool is characterised by its lines and the ergonomic contour, which is based on the shapes of the human body. The curvature of the seat pan and the backrest provides support exactly where it is perceived as comfortable.

VARIETY AND DIVERSITY

Multifaceted play of colours

Various seat shell colours and base designs make it possible to individually configure the desired model. Discreet colour combination or eye-catcher? Thanks to the individual changeable seat covers, the se:spot stool quickly attracts attention. They can be put on and taken off easily without the need for tools. If the colour concept in the office changes or if the chair is needed in a different area, the se:spot easily adapts to its new surroundings.

Cover front side

The front side colours can be selected from the Sedus colour ranges Atlantic, Step or Fame.

Nexus Storm

Nexus Graphite

Cover rear side

Two colours are available for the rear side of the cover (Nexus Storm 4N2 and Nexus Graphite 4N1), which can be combined well with the wide range of colours for the front.

The colours of the room correspond to the Sedus colour concept "Soft Being".
More information about the Sedus colour schemes can be found on page 14.

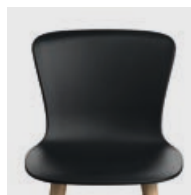

VARIETY AND DIVERSITY

Easily and well combined

Everything at a glance

Seat shell in black with the four-legged version in natural oak? Or the seat shell in white with the skid version in black? The table provides an overview of the three heights and the numerous design options of the se:spot family.

Perfect fit, function and flair

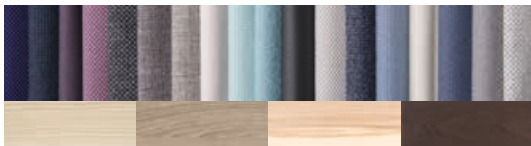

A harmonious working environment contributes significantly to wellbeing and productivity. Well-conceived furnishings, pleasant fabric and material combinations as well as the choice of colour accents are key factors for achieving these goals. Whether “Smart Balance”, “Soft Being”, “Urban Living” or “Multi Creation” – the chairs of the se:spot family can easily be adapted to any of these colour schemes.

Do you need support in planning and implementation?

The experts from Sedus Workplace Consulting are looking forward to helping you design your modern smart office. From analysing the floor plan and designing the concept to choosing the colour from the Sedus colour cookbook – Sedus offers everything from a single source.

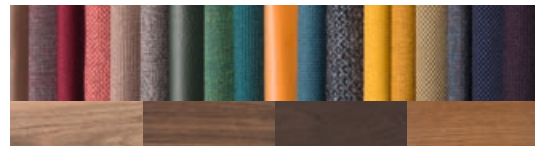

Smart Balance

structured, technical, functional,
light, reduced, calm

Urban Living

comfortable, sincere, elegant,
urban, intense, timeless

Soft Being

gentle, calm, balanced, natural,
inviting, regenerative

Multi Creation

motivating, inspiring, creative,
dynamic, active, open, free
